## Skills

**Languages:** JavaScript, Java, SQL
**Frameworks & Technologies:** : ReactJS, Redux, NodeJS, ExpressJS, MongoDB, TailwindCSS, Git, GitHub
**Developer Tools:** VS Code, Intellij Idea Ultimate, Postman, Netlify, Vercel

## Projects

**Ecommerce App** ↗ | **ReactJS, ExpressJS, NodeJS, MongoDB**

- Build an ecommerce application that utilizes the latest web technologies to offer a seamless and engaging shopping experience.
- Featuring robust product management capabilities, customers can effortlessly add, update, and delete their items.
- Seamless integration with popular payment gateways like Stripe guarantees a smooth and satisfying purchasing experience.

**Netflix** ↗ | **TailwindCSS, ReactJS, Redux, Firebase**

- Build a Netflix clone to deliver an engaging and user-friendly streaming experience.
- The application features secure authentication with Firebase, allowing users to sign up, sign in, and sign out effortlessly.
- Users can explore a wide range of movies across various categories, additionally, users can search for different series by name, ensuring easy access to their favorite content.

**Food Ordering App** ↗ | **TailwindCSS, ReactJS, Redux**

- The application includes a powerful search feature, allowing users to easily find their favorite restaurants.
- Users can view detailed restaurant information, menus, and add food items to their cart.
- The app also provides functionalities for managing the cart, including adding and clearing the cart entirely, ensuring a smooth and efficient ordering process.

**Youtube** ↗ | **ReactJS, Redux Toolkit**

- The application features a powerful search function with debouncing and caching, allowing users to find videos efficiently by fetching real-time data from the YouTube API.
- Users can click on videos to watch them, view detailed information about each video, and engage with others through an integrated chat feature.
- This ensures a dynamic and community-driven platform for video content.

## Education

| | |
|---|---|
| **Xavier Institute of Engineering** | 2020 – 2024 |
| Bachelor of Engineering in Information Technology - 9.30 | *Mahim, Mumbai* |
| **Bhavan's College** | 2018 – 2020 |
| HSC - 70.31% | *Andheri, Mumbai* |

## Achievements

- **Winner of College Major Project Exhibition -** ↗
- **SQL Intermediate -** ↗

## Certificates

- **ReactJS Course -** ↗
- **The Web Development Bootcamp -** ↗
- **SQL Basic -** ↗
- **Introduction of Angular -** ↗
